Thanks Alison, yes we knew about the press release from Clark County and that the RJ was posting a short article on the closure. I'm having Alan post the press release as well as the article on the NERT portion of NDEP's website. Closure starts today 9/11. Do you want a copy of the press release?

Weiquan, Carlton, JD –

In case you haven't seen it yet, here's an article on work next week related to the SNWA Weir Construction Dewatering Treatment. It came in this morning from my site-related article search with the EPA library.
